The diagram illustrates a sequence of events (E1 through E7) leading to a final outcome, Angela NDHLOVU. The events are organized into three main branches, each starting with a 'BYE' label. The first branch (E1-E2) and the second branch (E3-E4) both lead to E5. The third branch (E5-E6) leads to E7. Finally, E7 leads to the outcome 'Angela NDHLOVU'.

BYE

F1
BYE

The diagram illustrates a multi-ported bus system. On the left, two masters are shown, each with a vertical stack of three boxes: a top box labeled **BYE**, a middle box labeled G1 or G2, and a bottom box labeled **BYE**. On the right, a single slave is represented by a vertical stack of three boxes: a top box labeled **BYE**, a middle box labeled G3, and a bottom box labeled **BYE**. A horizontal line connects the middle boxes (G1 and G2) to the middle box (G3), representing the data bus. The top and bottom **BYE** boxes are not connected to the bus.
